

SODI Gibier

ATTRACTS GAME ANIMALS

All year

Salt is a key component in animals' diets, enabling their bodies to function correctly and stimulating their appetite. Deer, wild boar or other game are naturally attracted to sources of salt. It is however quite hard to come by in the wild. Therefore, SODIGIBIER blocks will attract game animals, providing them with the salt and trace elements that are essential in their diets. This prevents them spoiling other crops and trees and keeps them from straying into other areas.

FEED APPLICATIONS

Roughly one block per 25 hectares

INGREDIENTS

Sodium chloride - Calcium carbonate - Magnesium oxide - Premixture of additives

ANALYTICAL CONSTITUENTS

Calcium.....0,2%
Sodium.....39%

ADDITIVES – TRACE ELEMENTS (mg per kg)

Zinc (zinc oxide).....2000
Manganese (manganous oxide).....1000
Copper (copper sulphate pentahydrate).....200
Iodine (calcium iodate anhydrous).....100
Selenium (sodium selenite).....10

12 kg

GAME

WILD
BOAR
